Project Name: Covid-19 to deal with  
Pidemics and stand by helpless  
People.

Organisation: Dhrubotara Youth Development  
Foundation. (DYDF).

Dhrubotara Youth Development Foundation  
is one of the leading youth based  
organization and National Award  
winning voluntary organization.

Dhrubotara youth development foundation  
(DYDF) started its journey in year  
2000 from Begumgonj, Noakhali District,

Bangladesh with the aim to achieve sustainable socio-economic development in the country through empowering youths. Since then DYDF has spread across 44 districts in Bangladesh with a member count exceeding 38000. DYDF is proud to be the oldest youth led organization. During this period DYDF was awarded as best youth organization from the ministry of youth and sports on national youth day 2014. It also received the national youth Award 2016 as the best youth

Organization from honorable Prime minister and Queens young leader's award in 2017. At present DYDF is striving towards fulfilling SDG agenda 2030 and also achieving its vision of youth empowerment.

#### Vision :

A democratic, humanitarian, educated and skilled youth population ~~and~~ ~~acti~~ acting as change makers to bring sustainable development and equitable society.

Mission :

DYDF key mission is to empower youth through - developing their leadership and management skills and motivating them into becoming responsible citizens and using their positive energy for a constructive sustainable development of the nation. DYDF motto is to engage and create entrepreneurship opportunity for the youth, make them employable develop their innovative ideas and promote skill based education system.

Reduce rural and urban divide and  
Promote access to resources for  
youth groups. carry out research to  
identify gaps and challenges in the  
social development sector where  
youth can become potential contributors.

### Activities :

- ① Engage youth in voluntary activities.
- ② Organize advocacy campaign to  
motivate youth for self-development  
and good citizenship, raise awareness  
on various human rights issues.
- ③ Arrange professional skill based

training and create entrepreneurship opportunities and facilitate linkage with potential employers.

④ Engage youth groups with real life projects of social development and advanced technology.

⑤ Engage in women empowerment through involving young adults particularly girls.

⑥ Raise voice against all kinds of abuse and discrimination like gender rights including LGBTQI and others ethnic groups.

- ⑦ Networking and collaborate with other youth groups both national and international.
- ⑧ Work for conservation of nature and wild life.
- ⑨ Create support groups for youth in different sectors eg: legal issues, health issues etc.
- ⑩ Participate in youth parliament and youth conclaves to develop leadership.

- ⑥ Equitable Distribution of Resources.
- ⑦ Skill based education.
- ⑧ Employment and entrepreneurship.
- ⑨ Cultural Diversity and heritage.
- ⑩ Social Safety.
- ⑪ Protection and Promotion of human Rights.
- ⑫ Agricultural development.

## Role of my in the Project:

~~Dhruvotaka~~ Dhruvotara youth Development Foundation (DYDF) A social and a non-political and non-profit organization. This organization works with young people as well as helpless people. When I apply to DYDF for Project work, they accept it and then they give me the opportunity to work there for the project.

August 2021 was the government again again issued a strict lockdown. Wealthy people were in second wave of the Bangladesh Corona pandemic.

And the government again again issued a strict lockdown. wealthy people were doing it right. Poor and helpless people at first agree to the lockdown, but after a while they ~~return~~ to the streets and markets. because it was not possible for them to accept this lockdown because they were poor and helpless people they earned and ate day by day. As a result the government was unable to control the Corona pandemic, man while the poor and helpless people could not be controlled. because they have been sitting for

Some time, they are in food crisis and there is famine in their house and they are forced to return to the streets. Then several agencies came forward to save them from this food crisis. DYDF is one of them. I then ~~represen~~ represent DYDF in my region. Then my opportunity is to work with these helpless people and stand by their and stand by their side. My team and I then organized a three-course meal for all these helpless people with the help of the local administration. And let's

Continue this long 60 days. In addition to arranging food for the poor helpless street children. How to comply with the lockdown provided by the government and survive the contagion of the corona pandemic. I do a lot of campaigns with poor and helpless people on all these issues. How to comply with the lockdown provided by the government and survive the contagion of the corona pandemic. I do a lot of campaigns with poor and helpless people on all these issues.

## The content of the camping:

- ① The importance of lockdown in dealing with the corona pandemic.
- ② The importance of using a mask
- ③ The importance of washing hands frequently with soap.
- ④ How to deal with corona infection.
- ⑤ The importance of quarantine
- ⑥ In case of symptoms of coronary heart disease, seek medical advice immediately

They ~~are~~ are made aware of all the above through camping. They are

warned about how to avoid corona infection, what to do in case of coronavirus infection, etc.

And finally I also gained knowledge about a lot of things. I can learn how to work as a team and how to organize a campaign and how to connect with people to bring out their sad words or what they want, etc.

And thanks to Dhruvotara Youth Development Foundation (DYDF) for giving me the opportunity to do such a great job.

## \* Learning Outcome:

- \* How to work in a team.
- \* How to organize an event and complete it well.
- \* How to help people in times of disaster.
- \* How to seek state assistance in dealing with any disaster.
